Events at a Glance

40th Anniversary Gala

On October 23, 2021, we will celebrate our 40th Anniversary of supporting people with disabilities to live independently in the community. Our Gala is our biggest fundraising event of the year. Guests have the opportunity to connect with local businesses, nonprofit leaders, state officials, philanthropists and community members, while demonstrating their dedication to a great cause.

This year's gala will be a black-tie optional event at the Blue Ocean Event Center in Salisbury, Massachusetts. It will be an engaging evening of dinner and dancing along with a silent auction and raffle.

Annual Meeting

In October, consumers, local community organizations, staff members and others gather to celebrate the year's accomplishments. We vote in new board members, and recognize community partners and staff members for their continued dedication and support. This event is a great opportunity to build relationships and future collaborations.

Legislative Forum

Our Annual Legislative Forum is a self-advocacy event held in March. Our unique forum brings legislators and consumers with disabilities together, giving consumers a platform to share their stories of struggle and success with their legislators. This event is a great networking opportunity attended by consumers, state legislators, legislative aides, community organizations, staff members and others.

Golf Tournament for Independence

On June 13, 2022, our Annual Golf Tournament for Independence will take place at the beautiful Renaissance Golf Club in Haverhill, Massachusetts. This is our longest running fundraising event and a ton of fun. Golfers enjoy a scramble format tournament with a shotgun start followed by a luncheon with awards, raffle and a lively auction. A great opportunity to generate awareness about your organization and connect with others!

Disability Education and Training

Did you know people with disabilities are the largest minority group in the world? Our interactive trainings cover topics such as understanding disability stigma, discrimination and the Americans with Disabilities Act (ADA). Our well-experienced trainers are people with disabilities and allies in the disability community. Attendees gain a deeper understanding of the disability experience and how to build inclusive environments at their own organizations.
